“Help them Grow or Watch them Go”- Career Conversations Employees Want
~featuring author Julie Winkle Giulioni~
November 17, 2:00-3:00

Retaining top performers demands a genuine commitment to employees and their ongoing development. Attend this webinar to understand how to have the kind of career conversations your employees want. You will learn: the importance of using development-focused questions and conversation skills, the importance of hindsight, foresight and insight, and information about what growth and development really means to your employees.
